May 2021

Coming within the next month, we will be sending registration packages with each of our current students for pre-registration for our next school year 2021-2022. Correct any changed information directly on the forms, add/change emergency contacts, and please be sure to sign every place that requires a signature (there are 7 signature lines).

The FOIP form requires a CONSENT or OBJECT check mark and the Copyright Form requires you to check all 4 boxes if you agree.

Fees for next year will be calculated and be ready for payment in September.

If you have any questions at all, feel free to contact our secretaries and they will happily guide you through the process.

During the week of May 3 - 7, our school library is having a year-end activity and the theme is Harry Potter! On May 6, students are encouraged to dress up in their Hogwarts House colours.

YOUR DECKS, PLANTERS, AND GARDENS ARE GOING TO LOOK FANTASTIC!

For those of you who ordered hanging baskets from our fundraiser last month, thank you for your support! Your decks, planters, and gardens are going to look fantastic! The orders will be delivered to our school during the first week of May. We will contact those who ordered AS SOON AS WE GET THEM UNLOADED AND SORTED. Keep checking our website or Facebook for the arrival date.

Mrs. Christensen's Gr. 2s made 3D art.

CELEBRATING EARTH DAY

For April 22, Earth Day, Gr. 6K students took the initiative to colour and put together this colourful Earth Day mural.

Mrs. Madoche's Gr. 5s created flowers out of recycled penny coin rolls.

Mrs. Malo's Gr. 3s class made nature scenes with plasticine on recycled lids.

Mrs. Tanasichuk's Gr. 1s earthy art!

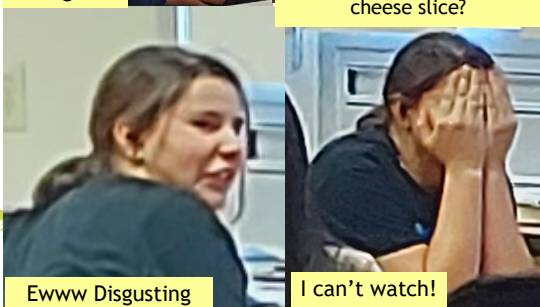

Science Class Can Be Intriguing and Distasteful at the Same Time

Intrigued

Is she really eating that old cheese slice?

Amazed

Ewww Disgusting

I can't watch!

Mrs. MacDonald, the Grade 9 Science teacher, started an experiment last March 2020 to monitor the growth of bacteria by putting different foods to stand in different containers. Over 1 year later, April 16, 2021, she brought them to class to show the students the end result after not being touched for such a long time. Interestingly, the toasted piece of bread did not mould except for the area where the fingers touched it versus the plain piece of bread that moulded completely within the first 2 months. The honey showed no signs of mould at all, it just hardened, but was still edible. The processed cheese slice discolored and shrunk a little, but showed no signs of mould. Although looking a little disgustingly grey, Mrs. MacDonald proved to the students that you could still eat it by ingesting a small chunk. It was quite amazing to see the different reactions of the students in her class. We are anxious to try doing the same experiment with a Twinkie! Is it full of preservative chemicals or will it mould within a month?

Gr. 8s combined Science and Earth Day by taking a walk to the nearby lake to get water samples. The students will be observing water quality properties with more samples to be taken during the next 2 months.

\$25.00 SNACK BAR PUNCH CARDS

Are you tired of making lunches or sending money with your child to school to purchase lunch every day? Glen Avon has \$25 Snack Bar punch cards available for purchase online or at the office. Your child can either carry their own card or leave it safely in the snack bar for convenience. Any remaining balance at the end of June will be honored in the fall.

Mrs. Hladunewich's Gr. 5 online students had to build a fort as part of their Social Studies program. Wow! Look how detailed some of these forts are with their buildings, corrals, trees, and gardens. Great job!

DRESS-UP DAYS

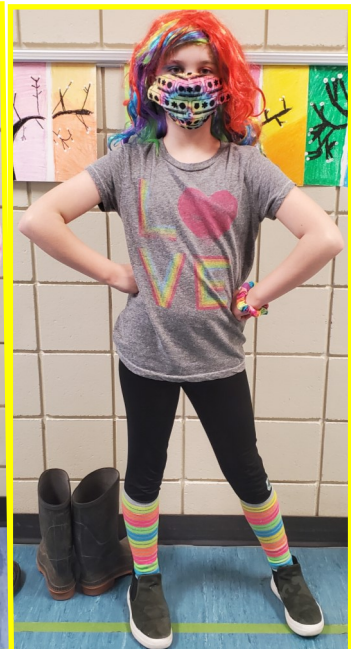

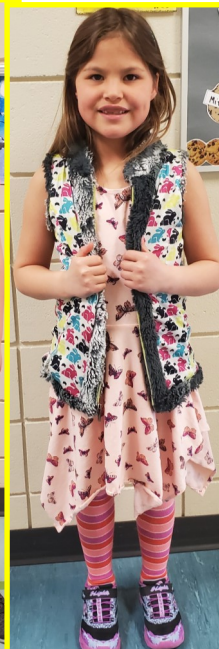

This was a Pattern Dress-Up day.

Many students wore patterns; some even layered different patterns on themselves. It sure made our students look busy with the 'busy' patterns they wore!

Multi-Coloured Day! Thank you to all the students who brightened up our school by wearing so many colours!

COVID-19 INFORMATION

COVID-19 ALBERTA HEALTH DAILY CHECKLIST (FOR CHILDREN UNDER 18)

Overview

This checklist applies for all children, as well as all students who attend kindergarten through Grade 12, including high school students over 18. Children should be screened every day by completing this checklist before going to school, childcare or other activities. Children may need a parent or guardian to assist them to complete this screening tool.

Screening Questions for Children under 18:

1.	Has the child traveled outside Canada in the last 14 days?	YES	NO
If the child answered "YES": <ul style="list-style-type: none">The child is required to quarantine for 14 days from the last day of exposure.If the child develops any symptoms, use the AHS Online Assessment Tool or call Health Link 811 to determine if testing is recommended. If the child answered "NO", proceed to question 2.			
2.	Has the child had close contact with a case ¹ of COVID-19 in the last 14 days? Face-to-face contact within 2 metres for 15 minutes or longer or direct physical contact such as hugging	YES	NO
If the child answered "YES": <ul style="list-style-type: none">The child is required to quarantine for 14 days from the last day of exposure. NOTE: Individuals who previously tested positive for COVID-19 in the 90 days before being exposed to another case of COVID-19 are not required to quarantine. If the child answered "NO", proceed to question 3.			
3.	Does the child have any new onset (or worsening) of the following core symptoms:		
	Fever Temperature of 38 degrees Celsius or higher	YES	NO
	Cough Continuous, more than usual, not related to other known causes or conditions such as asthma	YES	NO
	Shortness of breath Continuous, out of breath, unable to breathe deeply, not related to other known causes or conditions such as asthma	YES	NO
	Loss of sense of smell or taste Not related to other known causes or conditions like allergies or neurological disorders	YES	NO
If the child answered "YES" to any symptom in question 3: <ul style="list-style-type: none">The child is to isolate for 10 days from onset of symptoms OR receive a negative COVID-19 test and feel better before returning to activitiesUse the AHS Online Assessment Tool or call Health Link 811 to arrange for testing and to receive additional information on isolation. If the child answered "NO" to all of the symptoms in question 3, proceed to question 4.			

4.	Does the child have any new onset (or worsening) of the following other symptoms:		
	Chills Without fever, not related to being outside in cold weather	YES	NO
	Sore throat/painful swallowing Not related to other known causes/conditions, such as seasonal allergies or reflux	YES	NO
	Runny nose/congestion Not related to other known causes/conditions, such as seasonal allergies or being outside in cold weather	YES	NO
	Feeling unwell/fatigued Lack of energy, poor feeding in infants, not related to other known causes or conditions, such as depression, insomnia, thyroid dysfunction or sudden injury	YES	NO
	Nausea, vomiting and/or diarrhea Not related to other known causes or conditions, such as anxiety, medication or irritable bowel syndrome	YES	NO
	Unexplained loss of appetite Not related to other known causes or conditions, such as anxiety or medication	YES	NO
	Muscle/joint aches Not related to other known causes or conditions, such as arthritis or injury	YES	NO
	Headache Not related to other known causes or conditions, such as tension-type headaches or chronic migraines	YES	NO
	Conjunctivitis (commonly known as pink eye)	YES	NO

If the child answered "YES" to ONE symptom in question 4:

- Keep your child home and monitor for 24 hours.
- If their symptom is **improving** after 24 hours, they can **return to school** and activities when they feel well enough to go. Testing is not necessary.
- If the symptom **does not improve or worsens** after 24 hours (or if additional symptoms emerge), use the [AHS Online Assessment Tool](#) or call Health Link 811 to check if testing is recommended.

If the child answered "YES" to TWO OR MORE symptoms in question 4:

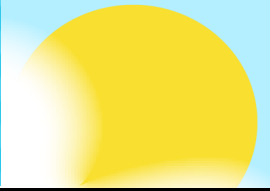

- Keep your child home.
- Use the [AHS Online Assessment Tool](#) or call Health Link 811 to determine if testing is recommended.
- Your child can return to school and activities **once their symptoms go away as long as it has been at least 24 hours since their symptoms started.**

If the child answered "NO" to all questions:

- Your child may attend school, childcare and/or other activities.

Please note: If your child is experiencing any symptoms from the lists above, do not bring them to visit a continuing care or acute care facility for 10 days from when symptoms started or until symptoms resolve (whichever is longer), unless they receive a negative COVID-19 test result and feel better.
