What's Happening For The Week of January 4 - 8

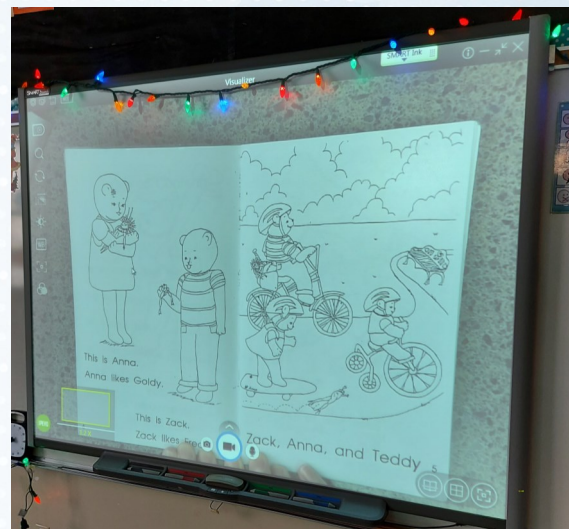

K-6 students will be learning at home for the week of January 4 - 8! Paper packages containing work to be completed during the at-home week of learning will be sent home with students during the last days of school in December. Packages not picked-up by Friday, December 18th will be available for pick-up on Monday January 4th.

The paper packages will be able to be done without the use of technology. There will be opportunity for students to log in and connect with their teachers through Google Meets throughout the week. Our staff will be pleased to help you with any questions you have. We hope this week will be enjoyable for you and your children!

During the last week before Christmas, some teachers were preparing for the K-Gr. 6 online learning. Kourtney Kievits and Isaac Fleming from 1C are showing their language arts and math booklets that they will be working on at home in January. Mrs. Craine was also reading a book that was shown on the Smartboard so that the students will be able to practice reading it at home.

Boomwhackers

Boomwhackers

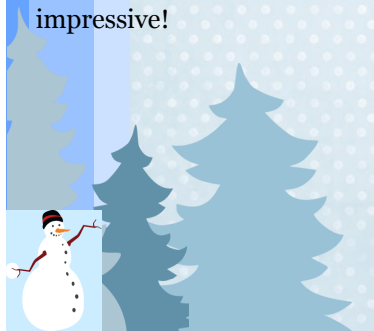

If we are not singing at school, what are the kids doing in music class? Some classes are using Boom Whackers! What are Boomwhackers? *Boomwhackers* are musical instruments in the percussion family. A *Boomwhacker* is a lightweight, hollow, color-coded, plastic tube, tuned to a musical pitch by length. They produce musical tones when struck together, on the floor, or against nearly any surface. When you whack a Boomwhacker, you set it (and the air inside it) vibrating at its resonant frequency. A larger Boomwhacker vibrates at a lower frequency and produces a lower pitch. Here, the Gr. 4s were using their Boomwhackers to the melody of Christmas carols. The other Gr. 4s did the same sort of performance using toned bells. Very impressive!
